Dallas, Texas (December 10, 2018) – Pape-Dawson Engineers, Inc. is pleased to welcome Brad Davis, P.E. as Managing Principal of North Texas. In this role, Mr. Davis will lead business strategy and development efforts for Pape-Dawson’s Dallas and Fort Worth offices, helping to promote and manage various land development and public works projects in the metroplex.

Mr. Davis has more than 30 years of experience in engineering, business development, and operations management for global A/E/C firms. He has been responsible for successfully managing the growth and financial performance of numerous local and regional teams.

Throughout his career, he has developed effective business relationships with both private and public clients across Texas. Most recently, Mr. Davis has led the aggressive growth of the largest A/E practice in North Texas serving clients such as TxDOT, DFW Airport, City of Fort Worth, City of Dallas, Mary Kay, D.R. Horton, and Lennar Homes.

“Brad’s leadership and key relationships in the North Texas market will be an invaluable asset for the continued growth and development of our Dallas and Fort Worth offices,” Pape-Dawson Engineers’ Chief Executive Officer, Sam Dawson, P.E. said. “His background in both land development and public works will be extremely beneficial in helping us best serve our clients in North Texas. We are excited to have him join our team.”

Mr. Davis earned a Bachelor in Civil Engineering degree from Texas A&M University in 1984.
